

# jumbo

jumbo

## Jumbo Button

The Jumbo Button is our new large, easy to use, easy to see pushbutton. It is suitable for use in any application which could see use by disabled people, and also for use in high traffic environments such as airports, shopping centres and hospitals where a large Jumbo pushbutton is more in keeping with the size of the building. The Jumbo Button has been designed to exactly match our Compact 2 ranges, so that you can for example use Jumbo on the landings and standard Compact 2 in the car.

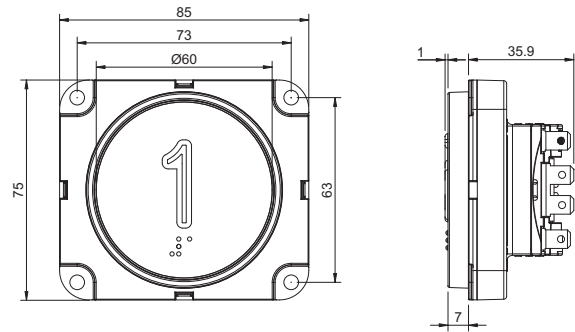

## key features

- Large choice of styles
- Legend and halo illumination
- Single, dual and bi-colour illumination
- Vandal resistant
- 30mm high legend
